PROFESSIONAL SUMMARY

I am a collaborative, fast-learning, and technically-minded Business Intelligence Analyst with substantial experience bridging databases, data warehouses, and Power BI. Having honed enterprise security, segregation of duty, and IT best practices within a FTSE 100 corporation, I specialize in process optimization and actionable financial reporting. I spend my time mastering C# development and AI-driven workflows to craft bespoke software solutions that resolve internal corporate inefficiencies.

PROFESSIONAL EXPERIENCE

FOUNDER & PRINCIPAL CONSULTANT

DivaViki | Jan 2024 – Present

Delivering bespoke C# software solutions, AI-assisted "vibe coding", and robust financial analysis. Highly involved in high-level corporate consulting to identify and eradicate internal inefficiencies via process optimization.

JUNIOR EXPERT TRAFFIC

Econt Express | Nov 2023 – Jan 2024

Analyzed and optimized core logistics routing and centralized process workflows within the Traffic team.

REPORTING & POWER BI DATA ANALYST

DS Smith Recycling | Aug 2019 – Oct 2023

Engineered and maintained a large-scale Power BI data model consolidating 12 databases across 12 countries. Built operational dashboards to visualize KPIs and support strategic executive decision-making using SQL and Jet Reports.

TRANSPORT MANAGER / SUPERVISOR

DS Smith Recycling | Oct 2017 – Aug 2019

Directed end-to-end transport operations and managed a fleet of 10 HGVs and 15 drivers, ensuring strict legal compliance regarding the UK Operator's License. Commenced as HGV Driver prior to management roles.
